SOCIAL WORK**

Why develop a violence studies pathway?

A problem.....

- High profile cases
- Data on the scale of the problem

And a solution

- Local appetite for change
- Local and international calls for workforce development

Need for a comprehensive and theoretically grounded approach

- Response & interventions
- Prevention
- Promotion of Healthy & Respectful relationships

Cross-Faculty Expertise

- Irene DeHaan
- Lecturer in social work in the school of Counselling, Human Services and Counselling
- Chairs the regional family violence mortality reviews undertaken by the New Zealand Family Violence Death Review Committee
- Previously worked at the Office of the Chief Social Worker
- Was Principal Community Engagement Advisor at the Families Commission

- Janet Fanslow
- Associate Professor in Mental Health Promotion at the School of Population Health
- Co-Director of the New Zealand Family Violence Clearinghouse
- Principal investigator of the NZ Violence Against Women Study
- Author of the Ministry of Health Family Violence Intervention Guidelines
- Researcher in violence & violence prevention since 1989

So, why develop a violence studies pathway?

- University Role
 - Educators
 - Critic & Conscience
- Supporting and extending the leadership that already exists in the sector
- Adding our contribution to the goal of eradicating family violence from Aotearoa New Zealand
